

EZ12 Series® A Stand-out Performer!

**No Computer,
No Programming Cable
No Worries!**

**Program the EZ12 using a USB Flash drive!
We have enhanced our software and
hardware keeping our customers in mind.
Time is money!**

**Upgrade the EZ12 in the field
without a laptop or cable!**

**Maintenance engineers don't have to waste
their time looking for the right programming
cable. Just plug in a USB flash drive with
the firmware on it and watch how quickly
the panel updates itself without any user
intervention!**
